2021 Chadwick Summer Programs

It has been quite a journey for all of us over the past year! We have thoughtfully planned Chadwick Summer Programs 2021 with options that provide both in-person and virtual class possibilities for you and your family. We will continue to offer our virtual summer program, for any family or student who wishes to participate in our programs and connect with us from anywhere in the world! We will also offer an in-person program with limited availability for families seeking in-person instruction and enrichment. Our goal is to provide the Chadwick Summer Program experience that you have come to expect and love in the safest way possible. Thanks to our stellar summer leadership team, we have devised the most comprehensive, creative, and thoughtful programming possible at this time. You will notice that unlike years previous, our in-person offerings will be limited, which will allow us to have groups of students function in cohorts as allowed by LA County guidelines. We thank you for entrusting us with your Summer Programs needs. We look forward to seeing your children once again, virtually or in-person this summer!

Chadwick Minis Activities: Page 2

Chadwick Minis Overview

The Chadwick Minis program is designed to give 4- and 5-year-olds a positive early educational experience in safe, relaxed, and pleasant surroundings. We aim to create a stimulating, diverse, and supportive learning environment where students interact with mutual respect and trust. Our one-to-five teacher-to-student ratio facilitates a variety of enriching activities.

Full Day In-Person (Space Limited)
Hours: 9:00 a.m. – 3:00 p.m.
Fee: $2,750.00

NOTES FOR PARENTS
We offer groups and classes divided by age group cohorts. Simply indicate your age group when you register. Please provide a healthy lunch, snack, and drink for your child every day. Water is always available in the Chadwick Minis classroom. Fees are for the full 5-week summer session.

Chadwick Minis

Ages 4 and 5 (as of June 1st, 2021)

Chadwick Minis Overview
Chadwick Minis Activities: Page 1
Chadwick Minis Activities: Page 2

Chadwick Minis Morning Activities

Our mornings begin with a "welcome," followed by calendar and stories. The children then cycle through the following camp activities in their stable cohort groups.

Centers

Centers are theme-related activities led by a credentialed teacher or an assistant teacher. Indoor centers include structured play, science exploration, math games, and reading and writing skill development. Outdoor centers on the playground encourage fun while developing motor skills through games, rhythm and movement.

Art

Art lessons in our studio introduce students to basic art media such as paint, watercolor, and pastels, using a wide variety of materials. Projects allow for creative expression and growth.

Music

Music class fosters children's love for music by inviting Chadwick Minis to play simple instruments, and participate in dance and movement activities.

Physical Education

Chadwick Minis enjoy organized physical education activities two to three times per week out on our spacious play space. We will work on large motor skills, coordination, balance, body control, and early sport specific skills. Our focus is on cooperation, healthy competition, and team building skills.

Chadwick Minis

Ages 4 and 5 (as of June 1st, 2021)

Chadwick Minis Overview
Chadwick Minis Activities: Page 1
Chadwick Minis Activities: Page 2

Chadwick Minis Afternoon Activities

Lunch
Children eat lunch together with the Chadwick Minis staff. Please provide a healthy lunch and drink for your child.

Story/Rest Time
Time to take a break! During this quiet part of the afternoon children are encouraged to read, do puzzles, play quiet games and enjoy a little "down time." An afternoon snack is provided.

Group Time
Students will enjoy a different activity every afternoon of the week. Please download the schedule to learn more.

The class "Get Ready for Kindergarten" is offered as a virtual class only.
$300 for this one-hour per day course. (Time, TBD).

Get Ready for Kindergarten **[PRE K]**
Get your little one excited and ready for Kindergarten this summer! In this class, children will engage in read- alouds, learning activities, and fun games designed to build literacy and math skills to get ready for kindergarten. We will work on letter/sound recognition, number sense, phonemic awareness, sight words, concepts of print, story elements, & pre- reading skills. (Offered as a virtual class only).

Chadwick Prep & Camp Overview

Chadwick Prep's small classes led by dedicated teachers and qualified teaching assistants provide the perfect opportunity for your children to gain confidence as they prepare themselves for the upcoming school year. The classes offered through Chadwick Prep take advantage of all that Chadwick School has to offer.

In the afternoons at Camp, learning, exercising, and fun are integrated to provide an optimal summer experience! Classes such as swimming, art & making, games, dance & music, and sports teach campers to be creative, work together, and enjoy being children. We have crafted this year's Camp program to be as screen-free as possible. It's going to be another fantastic summer here at Camp!

Full Day In-Person (Space Limited)
Hours: 9:00 a.m. – 3:00 p.m.
Fee: $2,750.00

Chadwick Prep Virtual Classes (Online Only)
Fee: $300.00 per class

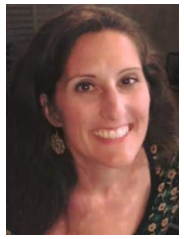

NOTES FOR PARENTS

Fees are for the full 5-week summer session.

Grade levels are based on a child's grade he/she is entering in fall. This summer, due to stable cohorting restrictions, in-person students will participate in Prep (AM) and Camp (PM) full day programming by grade level.

1st Grade Chadwick Prep Classes

(Each class can also be taken virtually)

Crafty Reading and Writing Workshop

In this class, students will strengthen their reading and writing skills. Crafting stories in Writer's Workshop will strengthen students' writing and editing skills while reading activities will focus on expanding vocabulary and comprehension. Please join us for this literacy-focused class!

Mad Scientists

Science exists in our everyday lives! This hands-on class will include do-it-yourself experiments, engaging demonstrations, and creative activities. Inventive projects and science-based art will engage young learners.

Zany, Brainy Math

In this class, students learn about problem-solving, estimating, critical thinking, and logic through activities. Additionally, students will strengthen their addition and subtraction skills in several fun-filled ways. They will create art projects using simple geometry, fractions, and arrays.

1st Grade

9:00 a.m.	Crafty Reading and Writing Workshop
10:00 a.m.	Zany Brainy Math
11:00 a.m.	Mad Scientists

(Each class can also be taken virtually)

Exploring Our World

Have you ever wondered what lurks below the surface of our oceans or which plants and animals call the rainforest their home? Uncover the great mysteries of the earth in this class. Through a mix of science and language arts, students will learn about the environments that occupy most of our planet. Students will read, write short reports, participate in do-it-yourself experiments, engage in demonstrations and creative activities. Come join us as we explore our world!

Gizmos, Gadgets & Goop

Future scientists will perform spectacular experiments and practice recording and reflecting on their observations in this class. A variety of science-based activities will keep these young scientists busy. Students will explore chemistry and natural science, as well as concocting various gadgets and goop!

Growth Mindset Mathematicians

In this class, students learn that everyone can be a math person, if they have a growth mindset. The idea that your mind grows when learning and facing challenges can help them when learning and facing challenges. Students will go on a math adventure to build number sense, and problem solving through various math based activities. We will become mathematicians!

2nd Grade

9:00 a.m.	Growth Mindset Mathematicians
10:00 a.m.	Exploring Our World
11:00 a.m.	Gizmos, Gadgets & Goop

Chadwick Prep & Camp

3rd Grade Chadwick Prep Classes

(Each class can also be taken virtually)

Into the Blue

Have you ever wondered what lurks below the surface of our oceans? Uncover the great mysteries of the ocean in this class. Students will explore different ocean environments and the creatures that live there. Through a mix of science and language arts, students will learn about the environment that occupies most of our planet.

Meaning Machines

This course is designed to help students improve their comprehension of reading. Students will be exposed to meaning within their reading, understanding figurative language, and creating their own! These mean machines will use their abilities to take a deep dive into text, analyzing what authors are truly trying to convey.

Monster Math

In Monster Math, students will review addition, subtraction, multiplication, and division concepts. Strengthening number sense, exploring geometry, and developing problem-solving skills will help students stretch their mathematical minds.

3rd Grade

9:00 a.m.	Meaning Machines
10:00 a.m.	Monster Math
11:00 a.m.	Into the Blue

Chadwick Prep & Camp

- 1st Grade Chadwick Prep Classes
- 2nd Grade Chadwick Prep Classes
- 3rd Grade Chadwick Prep Classes
- 4th Grade Chadwick Prep Classes
- 5th Grade Chadwick Prep Classes
- Camp Chadwick Afternoon Activities

4th Grade Chadwick Prep Classes

(Each class can also be taken virtually)

Manic Masterminds

Students will interpret multiplication, solve word problems, match factor pairs, and continue understanding base tens, and number operations. Through creative projects, students will be able to apply their knowledge in new ways. A variety of math activities will be used to reinforce basic skills, with an emphasis on problem-solving and communicating mathematical thinking.

Rainforest Rally

Discover the many plants and animals that call the rainforest their home. Students will read and write short stories and reports, strengthening research and language skills. Internet searches will provide plenty of ideas. Students will gain knowledge about the rainforest and share that knowledge with one another. Each child will benefit from the warm and supportive environment.

Wizard School

Calling all fantasy and Harry Potter fans! Even if you haven't read the books, come join us for Wizard School where we will learn all about the stories and characters through interactive activities like wizardry wand and potion making, spell writing, book trivia and more! These activities will be tons of fun while unleashing your creativity, and building critical thinking and literacy skills.

4th Grade

9:00 a.m.	Manic Masterminds
10:00 a.m.	Rainforest Rally
11:00 a.m.	Wizard School

Chadwick Prep & Camp

Grades 1–5 (as of Fall, 2021)

5th Grade Chadwick Prep Classes

(Each class can also be taken virtually)

Einstein's Workshop

Are you fascinated with science? This hands-on course involves exploring physical, biological, and chemical projects. Children will be guided as they build gadgets, conduct experiments, and practice the scientific method. Findings will be shared in a variety of ways including graphs, posters, and journaling.

FUNdamental Reading and Study Skills

This course is designed to help students improve the way they read and study academic material. Maximizing students' abilities to comprehend and retain what they read is emphasized, as are notetaking and test-taking skills. Students learn a variety of techniques that they will be able to utilize in their classes next fall.

Math Magicians

Students will review decimals, fractions, percentages, geometry, area, perimeter, graphs, and basic computation. Students will review concepts with new ways, pushing a growth mindset, involving problem solving, academic language, and expression.

5th Grade

9:00 a.m.	Einstein's Workshop
10:00 a.m.	FUNdamental Reading and Study Skills
11:00 a.m.	Math Magicians

Chadwick Prep & Camp

Grades 1–5 (as of Fall, 2021)

Chadwick Prep & Camp Overview
1st Grade Chadwick Prep Classes
2nd Grade Chadwick Prep Classes
3rd Grade Chadwick Prep Classes
4th Grade Chadwick Prep Classes
5th Grade Chadwick Prep Classes
Camp Chadwick Afternoon Activities

Camp Chadwick Afternoon Activities

Students will participate in three classes each afternoon on a rotational basis attending each class 2-3 times a week.

Art & Making

Let's get our Creativity on! This class will allow your student explore their creative side! We will work with different paints, colored pencils, and a variety of materials, to make unique works of art. Students will also explore design and engineering through "making activities" using found objects as we observe nature outside, inspiring our artwork. These artists will study the Elements of Art, exposing our minds to different types and styles of Art and Making!

Games

Game on! Campers use logic, reasoning, social skills, and critical thinking to play strategic board games. They will discover how game developers create board games in order to design their very own. Campers choose a theme, establish rules, directions and even design a board and game pieces. Then, we play!

Music & Movement

Let's get moving! Campers will explore music and movement from around the world connecting their bodies and their minds with rhythms and steps from a variety of cultures.

Sports

Campers participate in both gym and field sports. In the gym campers play basketball, handball, jump rope, and more.

Swimming

Chadwick's Aquatics Program offers children a range of basic swim skills, while adhering to strict safety rules. An initial assessment matches each camper to his/her appropriate swim level. [All lifeguards and swim instructors are Red Cross certified, which includes lifesaving, CPR, and first aid.]

Chadwick Prep Plus Overview

Chadwick Prep Plus immerses students ranging from Grades 6-11 in an environment that encourages advanced thinking, creative problem solving, and a lifelong love of learning. Students will explore their potential as inventors, detectives, and strategists. Interdisciplinary classes will strengthen students' talents in reading, writing, math, and science, while pushing them to employ these skills in new and imaginative ways.

Prep Plus Schedule:

Hours:	9:00 a.m. – 9:50 a.m.	Enrichment Courses
	10:00 a.m. – 12:00 p.m.	Academic Courses
	1:00 p.m. – 3:00 p.m.	Academic Courses

Enrichment Courses (offered virtually)
Fee: $300.00 per course

Academic Courses (offered virtually)
Fee: $450.00 per course

Full Day Course Load (offered in-person)
Fee: $2,750.00

NOTES FOR PARENTS
Fees are for the full 5-week session.

Grade levels are based on a child's grade he/she is entering in fall. Students in Chadwick Prep Plus have the option of participating in classes virtually a la carte, or in-person, full-day from 9 a.m. to 3 p.m. in a stable cohort environment.

Prep Plus Schedule Information

Chadwick Summer Prep Plus Program will take an Online Distance Learning approach to provide our students with additional support and further skill acquisition and enhance the areas of Language Arts and Mathematics. The program will be using virtual synchronous and asynchronous learning strategies. The learning environment will utilize an academic schedule each day through a virtual online platform. During the daily meetings, the teacher will provide direct instruction and facilitate discussion. **All students are expected to attend all live (online) sessions and interact with the instructor and other students.** In addition to class meetings, the instructor will post assignments for students to complete outside of the live (online) meeting times and submit assignments electronically. Students will be assessed based on class participation, completion of work, and demonstrated understanding of class content through tests/quizzes. Students requesting the in-person full-course load are able to be on campus, supervised by counselors as they remote into their classes throughout the academic school day (9:00 a.m. – 3:00 p.m.).

ENRICHMENT COURSES (Enrichment Courses meet from 9:00 a.m. – 9:50 a.m.)

Computer Coding [GRADES 6 & 7]

In this day and age, computer programming is the "it" thing to do. Facebook has an app. Twitter has an app. iMovie has an app. Those apps and more were all created by someone who learned computer programming. Scratch is a great way to learn the fundamental concepts of programming languages. In this class, you will explore how to create games, animations, stories, and art using a computer learning tool that teaches programming skills.

Debate [GRADES 6, 7, 8 & 9]

Learn the art of verbal combat! Students will learn how to construct persuasive positions, defend against and attack each other's arguments, and cross-examine effectively. Students will debate various age- and experience-appropriate topics, form teams, and pit themselves against their peers. Debate topics may include school uniforms, private/public school, and school food. By the end of the course, students will be comfortable speaking at the podium and have a good idea of how to structure a thoughtful argument, how to refute a statement you disagree with, and how to get that last word in.

Intermediate Financial Market Trading [GRADES 7, 8, 9 & 10]

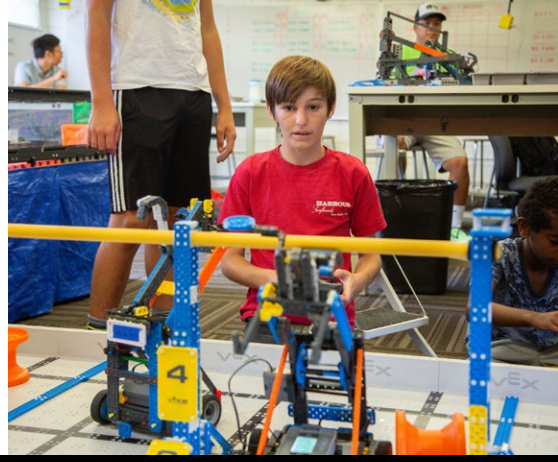

Prerequisite: Introduction to Financial Market Trading.
Class meets 1:00 p.m. – 2:00 p.m.

This course is a continuation of the Introduction to Financial Market Trading. We will introduce more advanced strategies with both the Forex Market and Stock Market. Students will learn various chart patterns. We will introduce the Cryptocurrency Market, as students will learn how to trade Bitcoin. Students will also learn the most valuable lessons, which are risk-to-reward ratio and money management. This class will be using back-tested data to demonstrate trading strategies. This is a course that the students can go home and practice 24-hours a day, six days of the week.

Academic Courses: Page 2

ENRICHMENT COURSES (Enrichment Courses meet from 9:00 a.m. – 9:50 a.m.)

Intro to Financial Market Trading

[GRADES 7, 8, 9 & 10]

This course will examine the financial markets, particularly the FOREX market, on how financial traders create wealth trading using the FOREX Market. Students will begin by learning technical analysis, trend, Fibonacci Sequences, resistance, gaps, support, and supply and demand. They will learn how the news affects the markets as well. Students will be using a demo account and will be making live trades in the class. Students will understand how to use Japanese candlesticks in the demo account and determine if there is a bull or bear market. In addition, students will learn financial terminology. Students will also learn the most valuable lessons, which are risk-to-reward ratio and money management.

Public Speaking

[GRADES 7, 8, 9 & 10]

Students will learn to express themselves with greater confidence and clarity in a fun summer environment in this class. The course is designed to help develop critical-thinking skills. Students will have the opportunity to present both impromptu and prepared speeches on topics of their choosing. Speeches include biographical introductions and informative "how" explanations. Students will also become familiar with strong public speaking basics by viewing and critiquing famous speeches, old and current.

World of Web Design

[GRADES 8, 9 & 10]

The world of software design is booming! In this beginning course, students will cover the software creation process. Students will learn the object of oriented design principles and programming fundamentals as they plan their projects. Java will be the primary language to teach and understand data types and methods. Students will work individually and in small groups to explore new concepts. No previous programming experience is required.

ACADEMIC COURSES (Meet from 10:00 a.m. – 12:00 p.m. or 1:00 p.m. – 3:00 p.m.)

English Essentials I **[GRADES 6 & 7]**
English Essentials I is designed to enhance fundamental reading and writing skills through the close reading of short stories and poetry. Students will complete text-based grammar exercises. The writing workshop will focus on the body paragraph as the basic unit of the analytical essay. While grammar, reading, and composition remain at the heart of the course, students will also learn to develop original arguments based on their interpretive discoveries.

English Essentials II **[GRADES 8, 9 & 10]**
This course reviews the fundamentals of reading, composition, and grammar basics. Whereas English Essentials I focuses on fundamental writing concepts, this class focuses on the multi-paragraph analytical essay. All writing assignments will encourage students to develop their critical reading skills while close-reading short stories and poetry. Students will be encouraged to formulate original arguments based on their own interpretive discoveries.

Pre-Algebra **[GRADES 6 & 7]**
This course will review and complete the study of whole numbers, decimals, and fractions. Concepts of algebra, discrete mathematics, functions and patterns, geometry, logic, numbers, probability and statistics are included. Attention is given to manipulate proportional relationships, multiple representations, patterns and generalizations, real-world applications, and problem-solving strategies.

Readiness for Algebra I **[GRADES 7, 8 & 9]**
This course is designed for anyone getting ready to enter an algebra course. Students will work on big ideas of algebraic thinking that students can develop before they enter algebra. The ideas are Representation, Proportional Reasoning, Variable, Function, and Inductive/Deductive Reasoning. The concepts will be introduced through classroom activities, partner projects, such as poster creation and presentation. Students will also review and strengthen pre-algebra skills as they study the big ideas.

ACADEMIC COURSES (Meet from 10:00 a.m. – 12:00 p.m. or 1:00 p.m. – 3:00 p.m.)

Readiness for Algebra II **[GRADES 9, 10 & 11]**
This course will review the Algebra I skills essential to one's success in subsequent mathematics courses. Topics will include: The Real Number System and its properties, Solving Linear Equations, Solving Multi-step and Compound Linear Inequalities, Solving Quadratic Equations by Factoring, Solving Systems of Equations, Laws of Exponents, Monomial and Polynomial Expressions, Rational Expressions, Intro to Functions, Graphing Problem Solving Approaches, and Numeracy.

Readiness for Geometry **[GRADES 8, 9 & 10]**
This class covers almost a full year of high school geometry. Students will concentrate on the study of Euclidean Geometry while maintaining and enhancing algebraic skills. Students will learn the ideas, concepts, and theorems of this branch of mathematics as the early mathematicians developed them. Students will also extend their reasoning skills by forming geometric arguments and applying these principles to solve problems in various situations.

Arts Unlimited Overview

Arts Unlimited was founded more than 30 years ago to foster arts and creativity during summer vacation from school. From the beginning, we have been highly committed to the belief that each child has artistic talents. Nurtured by high-quality mentoring, coaching and teaching, young people can reach their amazing potential. Arts Unlimited will now be taught fully in-person and students can choose one of three tracks.

Full Day In-Person Programming
Hours: 9:00 a.m. – 3:00 p.m.
Fee: $2,750.00

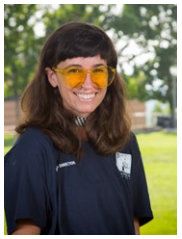

NOTES FOR PARENTS
Fees are for the full 5-week summer session.

This summer, due to stable cohorting restrictions, students can only participate in-person as a full-day camper.

Ages 11-15 (as of Fall, 2021)

Arts Unlimited Overview
Arts Unlimited Schedule Information
Arts Unlimited Classes: Page 1
Arts Unlimited Classes: Page 2

Arts Unlimited Classes

AU Weekly [AGES 11-15]
If students like to write, interview, and take pictures, this is the class for them. Budding journalists get hands-on experience as the news crew that publishes a digital Arts Unlimited newspaper.

Cartooning [AGES 11-15]
Create your own character! Structure, facial expressions, basic cartoon anatomy, and character personalities will be taught to help form your character(s). Simple single shape characters to 5-head high characters, anthropomorphic animals, objects, environments, and composition will be taught to help you create a comic strip using the character(s) you design.

Chess [AGES 11-15]
Stretch that brain! In this instruction class, students will learn this game of strategy or advance their expertise. All levels welcomed and challenged.

Creative Writing [AGES 11-15]
For the writer in you. This class will feature techniques and mechanics for creative writing. Poetry will be presented for those who desire to explore this genre. Students will do writing "warm ups", construct stories, and keep journals of their work.

Cross Stitch [AGES 11-15]
Learn the charming and meditative art of cross stitch. This beginner's class will cover all of the basics, and get you started on creating your very own mini cross stitch masterpieces.

Digital Film [AGES 11-15]
Have you ever wanted to make a movie? Here is your chance to learn the art of cinematic storytelling though the basics of story board development, scriptwriting, directing, cinematography, and editing. Each student will end the course with a copy of their own personal film. Students must provide their own equipment (iPhone or iPad).

Arts Unlimited

Ages 11-15 (as of Fall, 2021)

Arts Unlimited Schedule Information
Arts Unlimited Classes: Page 1
Arts Unlimited Classes: Page 2

Drawing **[AGES 11-15]**
Drawing is more than pencil marks on paper. Explore drawing possibilities with markers, colored pencils, pastels, and whatever else you find exciting. We will help you get your ideas onto paper. Have fun, experiment with new ideas and techniques, and fall in love with drawing.

Jewelry **[AGES 11-15]**
Fill your jewelry box with wearable art that you've made! Create a variety of different jewelry while learning how to use professional tools and techniques in different ways.

Watercolor **[AGES 11-15]**
The beauty of watercolors, simple yet challenging, is all about practice and observation. Paint the pictures that you have in your head or let us help you with ideas. This class is all about fun, experimenting, and improving your ability with this creative medium.

Hilltop Sports

Age 6 to 14 (as of Fall, 2021)

Hilltop Sports Overview
Hilltop Sports Camp

Hilltop Sports Overview

Hilltop Sports offers campers the opportunity to improve their skills in a variety of sports in a positive and fun environment. The morning session (9:00am – Noon) will have two groups. The basketball group will focus on skills, drills, and competitive games. The second group will be a new option with young ninja warrior tumbling activities, creating your own obstacle course, tag games, and climbing the rock wall. The afternoon session offers basketball and soccer groups. They will focus on skills, drills, and competitive games. NOTE: Covid safety guidelines will be enforced.

Full Day In-Person Hilltop Sports:
Hours: 9:00 a.m. – 3:00 p.m.
Fee: $2,750.00

	Track 1	Track 2
9:00 a.m. – Noon	Basketball	Chadwick Ninja Warrior
Noon – 12:20 p.m.	Lunch	Lunch
12:20 p.m. – 3:00 p.m.	Basketball	Soccer

NOTES FOR PARENTS
Campers must provide their own appropriate attire for each sport, including cleats, gym-appropriate shoes, and your own water bottle.

Age 6 to 14 (as of Fall, 2021)

Hilltop Sports Overview
Hilltop Sports Camp

Hilltop Sports

Hilltop Sports Day Camp Track 1
9:00 a.m. – 3:00 p.m.

Basketball Camp
The morning sessions of Basketball Camp will focus on skills, drills, and competitive games. While the afternoon sessions will feature separate basketball and soccer groups. This will allow campers to experience a small taste of the sport during the five-week summer program. Basketball will use the gym and outdoor courts. Summer camp is the time to be active and to enjoy sports with our friends and teammates. NOTE: Covid safety guidelines will be enforced.

Hilltop Sports Day Camp Track 2
9:00 a.m. – 3:00 p.m.

Chadwick Ninja Warrior
The young ninja warrior camp will include tumbling activities, creating your own obstacle course, tag games, and climbing the rock wall. NOTE: Covid safety guidelines will be enforced.

Soccer
The afternoon sessions will feature separate basketball and soccer groups. This will allow campers to experience a small taste of the sport during the five-week summer program. We will use the Chadwick soccer field and upper field for soccer. Summer camp is the time to be active and to enjoy sports with our friends and teammates. NOTE: Covid safety guidelines will be enforced.

Summer Program General Information

Summer Program General Information

Enrollment

To enroll in any program, please visit our website at www.chadwickschool.org/summer, where you can complete registration as well as submit payment. A separate registration must be completed for each student enrolled. The balance of the tuition and fees are due at the time of registration. There is no enrollment deadline; however, enrollment is limited in all programs and will be filled on a first-come, first-served basis. Programs and courses have a minimum and maximum enrollment. Chadwick School reserves the right to cancel any class that does not have adequate enrollment. We will hold a waitlist based on the time that a registration was received.

Refund Policy

Full tuition can be refunded for any withdrawal made before May 31st, 2021. No refunds will be made for a withdrawal after May 31st, unless there is a waiting list for that program and the withdrawing student's place can be filled. No refunds will be made after the first day of classes.

Please be aware that in the event of a school or cohort shutdown, students will be expected to continue their coursework virtually and will resume in-person when it is safe to do so. **No refunds or partial reimbursements will be made should students have to study from home in this scenario.**

Conduct

All students are expected to behave responsibly and with respect for others and for the campus in general. The usual rules of safety, order, and cooperation are enforced. Students will be reminded of the core values of Chadwick School and are expected to understand and abide by the values of our school, whether virtually or in-person. Specific rules and procedures will be reviewed with each child at the start of summer session. Students who fail to abide by summer program policies will be dismissed. Students who are dismissed for disciplinary reasons will forfeit tuition.

Dining Program

Due to COVID-19 restrictions, there will be no campus dining program this summer. In-person students will need to bring a snack and their own packed lunch each day of camp. If it is safe to do so, we will be offering a pizza party during summer camp. We will provide information about this event as it approaches.

Extended Day Care Mornings and Afternoons

Due to cohort restrictions and LA County Guidelines, we are unable to offer morning and aftercare this summer. Students will need to be dropped off for camp between 8:45 a.m. – 9:00 a.m. for the start of summer programs. Students will need to be picked up promptly at 3:00 p.m. each day of camp. We will not be able to offer extended care this year prior to or following the regular camp times.

Bus Service

Due to COVID-19 restrictions, we are unable to run bus service this summer for in-person programming.

Summer Program General Information

Frequently Asked Questions

When do Chadwick Summer Programs run?
Chadwick Summer Programs 2021 will run for 5 weeks, from Monday, June 21st until Friday, July 23rd at 12:00 noon. Our academic programs will be run with stable in-person cohorts (space limited) as well as virtually with our online distance learning model. Most classes will have class size limits and a waitlist.

How old do you have to be to sign up for a class?
On the course description page you will find the age or grade level that is appropriate for each program or class. For some academic offerings, students will be evaluated early in the program to assess if they are in the right course and can easily be moved to the proper course.

I love the ability to change classes and pick courses for my child. Is this possible with your in-person summer program?
Unfortunately, due to COVID-19 restrictions, we are unable to provide a wide variety of choices this summer. Students need to remain in a stable cohort throughout the day and are unable to change specific classes once the programs begin.

Can I only take one class, or pick and choose?
Due to COVID-19, our in-person offerings are limited to full-day students only, following a daily schedule with their specific cohort. This is done so that we can safely provide stable cohorting for each program and group. Virtual online offerings are available a la carte, so feel free to mix and match to your child's interest!

How do I sign up for classes?
Registration for our in-person and virtual class options will be open to the general public at 8:00 a.m. on Monday, April 19th. You can sign up at:
www.chadwickschool.org/summer

What has Chadwick implemented to keep our children safe from virus spread?
Chadwick follows safety guidelines based on the LA County Department of Health Guidelines. All in-person students are required to pass a temperature check upon arrival. Families need to fill out a short survey each morning in SchoolPass that lets our team know if there has been contact or symptoms. In-person students will move together in stable cohorts with two adults throughout their school day. Students are required to wear masks and maintain a social distance of 6-feet. Students will be asked to wash their hands regularly. Students will eat lunch at outdoor tables under social distancing guidelines. Our campus will be cleaned and sanitized throughout the day and in the evenings. Materials will be sanitized as necessary based on exposure and use.

Summer Program General Information

Frequently Asked Questions

What will happen if someone contracts COVID-19 during Summer Programs?
Should a student, staff, or faculty member contract COVID-19 during Summer Programs, we will be in contact with any who may have been exposed. This will likely prompt the closure of the cohort involved, and those students would have to quarantine for 10 days per the current LA County guidelines. Our safety and risk management team will continue to monitor any such contamination to the campus and will follow the protocol and guidelines that the county has specified. Please note that the school will not give partial refunds or reimbursements for programs that are shut down. The cohorts will continue to run their learning virtually should this occur.

What is the proper appearance online and behavior protocol?
We expect all students to follow the core values of Chadwick School (Respect, Responsibility, Fairness, Compassion, Honesty) when working in-person and remotely in our programs. Students will need to dress appropriately (no pajamas!) during course instruction based on the requirements of that class. In-person students should dress appropriately and comfortably for the summer program.

What if I change my mind and need to cancel my registration?
Please contact us at summerprograms@chadwickschool.org or call the school at 310-377-1543 and we will be happy to assist you. Please note that full refunds will be made for any reason before May 31st, 2021. No refunds will be made for a withdrawal after May 31st, unless there is a waiting list for that program. In the event of a school or cohort shutdown, students will be expected to continue their coursework virtually and will resume in-person classes when it is safe to do so. No refunds or partial reimbursements will be made should students have to study from home.
